William Dewitt, Esq., Killed. Fourteen Persons Injured.

A serious accident occurred on the Cleve and, Columbus and Cincinati Railroad about half-past five Saturday morning, resulting in the death of William Dewitt, E-q., of this city, and the serious injury of several others. As the morning passenger train from Colum ous, containing six well-filled cars, was between Mt. Gilead and Cardington, the third ear from the locomotive suddenly left the track, breaking the couplings, and capsized down a low embankment. The other cars kept the track, and no jar or shock was noticeable. The train ran on for some distance before it was stopped. The cause of the aceident is not known, but it is supposed to

have been the looseness of a rail. Among those in the car was our well known fellow-citizen, William Dewitt, Esq., of the firm of Younglove, Dewitt & Co. He was thrown violently from his seat, and it is supposed that his head struck one of the satchel books at the side of the car, as a deep wound was made in the back part of his head, penetrating into the brain. He died in about ten minutes after being taken from the car, having been entirely unconscious from the noment of his injury.

Besides Mr. Dewitt, no one was killed Several persons were, however, more or less injured, of whom we have prepared the following list: Captain J. J. Maner, 128th Ohio, was

hadly injured in the head and back. He was taken to his home in Toledo. W. H. Greer, of Painesville, badly injured taken to Angier House.

Rev. J. D. Jenkins, of Independence taken to the Angier. Mrs. J. M. Downie, of Wilmington, O. and ope child. Mrs. Downie had two child-

con with her, one of them escaping injury. She was taken to the Angler. Mrs. Wales, of Boston, traveling with her usband. Taken to the Weddell.

Matthew Dugan, Cincinnati, injured abou te head. Lawrence Frail, Cincinnati, Robert Bill, Cincinnati.

Most of the injuries were about the head, though but few of serious consequence. BANKS, BANKERS AND BROKERS, Conductor Thornton did all he could for the comfort of the injured persons and was greatly aided by several gentlemen who were on the train. Mrs. G. F. Lewis, of this city, Mrs. Irene Shaw of Dunkirk, and Miss Linzie Doans of Baffalo, who were on board, also rendered very efficient service in caring for the injured. The train arrived in Cleveland about eleven o'clock Saturday morning. Most of the injured who required attention were taken to the Angier House and their wounds properly eared for by Doctor Beck-

with. All are doing well. The accident is a most inexplicable one How a car in the middle of a train could be thrown from the track while the rest of the train ran on smoothly is very mysterious ye such was the fact. Not the slightest blam attaches to any of the employees on the road

Afterward the boy returned to the place where the watchman was on duty, accompanied by three companions, and recommenced insulting him. Difficulty ensued, and the watchman finally drew a revolver and ordered them to leave. At this, young Brown sprang forward and caught hold of the pistol, which was exploded in the struggle, wounding Brown severely in the groin and hand. The boy was carried at once to his home on Sen-
